

SolarMax Energy Systems

Photovoltaic panels power generation in Syria

Overview

In July 2025, the Energy Ministry signed a memorandum of understanding (MoU) with US-based 20Solar Energy to develop 200 MW of solar PV capacity, including 100 MW of conventional solar and 100 MW of solar-plus-storage projects (see Syria Seeks Solar Energy; Ropes In US Company For 200 MW).

Photovoltaic panels power generation in Syria

Electricity in Syria

Electricity generation in Syria by source
According to the International Energy Agency in 2022 almost all electricity was generated from oil and fossil gas, like ...
