✓ 50KW/100KWH

✓ HIGHER POWER OUTPUT  
IN OFF-GRID MODE

✓ CONVENIENT OPERATION  
& MAINTENANCE

✓ PRE-WIRED

## Overview

---

Should you buy a plasma cutter?

If your challenge is finding a more practical solution to Oxy/Fuel cutting or abrasive cutting of metals, at a plasma cutter price you can afford, you should consider an Everlast Plasma cutter. The line of Everlast PowerPlasma plasma cutters combine durability, performance and price into a rugged inverter plasma cutter package.

How much power does a plasma cutter use?

With 50 amps of power on tap, this portable plasma cutter can cut up to 1/2-inch thick steel plate, no problem. The CUT50D is a MOSFET (metal-oxide-semiconductor field-effect transistor) inverter plasma cutter that weighs only 23 pounds. This portable machine is light enough to take between shop, job site, and home.

How much does a 50 amp plasma cutter weigh?

This light-weight, 50-amp machine provides heavy-duty cutting right out of the box. With 50 amps of power on tap, this portable plasma cutter can cut up to 1/2-inch thick steel plate, no problem. The CUT50D is a MOSFET (metal-oxide-semiconductor field-effect transistor) inverter plasma cutter that weighs only 23 pounds.

What is a portable plasma cutter?

It's difficult to beat the convenience of a portable plasma cutter. Keep your preferred cutting tool within reach with the CUT50D Portable Plasma Cutter. This light-weight, 50-amp machine provides heavy-duty cutting right out of the box. With 50 amps of power on tap, this portable plasma cutter can cut up to 1/2-inch thick steel plate, no problem.

Does Everlast have a plasma cutter?

The line of Everlast PowerPlasma plasma cutters combine durability,

performance and price into a rugged inverter plasma cutter package. We have CNC plasma cutters as well. All of our PowerPlasma units are equipped with CNC sockets and support CNC operation with the optional plasma cutter machine torch. Not a plasma Welder!.

How much does a Chicago electric plasma cutter weigh?

The inverter technology in this CHICAGO ELECTRIC™ Plasma Cutter makes it powerful enough for most jobs, yet at just 11.6 lb. it is lightweight and portable. Ideal for cutting cast iron, steel, stainless steel, copper, brass, aluminum, titanium, and magnesium alloys. Be the first. This product has not yet been reviewed.
