

SolarMax Energy Systems

Poland outdoor inverter

Overview

Which solar inverters do you offer?

Our carefully selected inverters convert the direct current produced by the solar modules into alternating current. We offer grid inverters from proven manufacturers such as Delta, Fronius, Huawei, Kostal, LG ESS, SMA and Solar Edge.

What are the different types of inverter power?

Among them, PV grid-connected inverter power range from 1.5-110kW, Hybrid inverter 3kW-50kW, and microinverter 300W-2000W. As a technology-oriented company, Deye has always been committing to research and develop new cutting-edge technologies to provide efficiency and reliable products.

How many employees does inverter have?

It is a company employing almost 500 employees with a high level of process automation. It is a brand present in 120 countries and the No. 1 brand in the Czech Republic in terms of market coverage and recognition, as well as one of the most frequently chosen inverter brands in Italy and Australia.
