

SolarMax Energy Systems

Portuguese energy storage photovoltaic panel manufacturer

Overview

Why should you invest in Portugal's solar panel industry?

Portugal's solar panel industry presents a promising landscape for potential investors and businesses, driven by favorable government policies and abundant sunlight. Key considerations include understanding the regulatory framework, which supports renewable energy through incentives and subsidies.

What is the Alqueva Floating photovoltaic project?

The Alqueva Floating Photovoltaic project is one of EDP's most innovative solar energy projects: a floating power plant with around 12,000 photovoltaic panels in the Alqueva dam reservoir. The platform was placed in its definitive location in May 2022 and, in June, the project completed new stages such as energisation.

Why should you invest in a bespoke photovoltaic system?

Invest in your future with our bespoke photovoltaic systems in the sun-kissed Algarve region! Boasting an average of 3,000 hours of sundshine per year, this area offers the perfect environment for maximum energy generation. Benefit from clean, sustainable energy while saving money.

When did EDP inaugurate the new floating solar photovoltaic power plant?

In July 2022 EDP inaugurated the new floating solar photovoltaic power plant in Alqueva. Innovation is at the heart of our strategy and the development of floating solar technology marked a turning point in the national energy panorama.

What is EDP's new floating solar project?

EDP's new floating solar project is in line with regulatory changes ongoing in Portugal, that open the door to the existence of photovoltaic solar auctions and hybridisation, the combination of several sources (renewable or fossil) at

a single connection point to the electricity grid.

Portuguese energy storage photovoltaic panel manufacturer

Floating Solar Panels , edp

The Alqueva floating solar photovoltaic plant is today the largest floating solar plant in Europe on a reservoir: with around 12 thousand photovoltaic panels and an annual production capacity of ...
