

SolarMax Energy Systems

Power generation container price

Overview

What is a 50 KWe Power Pallet 30 container system?

The 50 kWe Power Pallet 30 Container System uses our two of our PP30 for a complete biomass power generation solution that converts woody biomass into electricity. It is a compact and fully automated system—from biomass in, to electricity out—delivered at a price point of \$2 per watt equipment cost. Dual PP30 Power Pallets.

What is a 40 ft containerized generator set?

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% space utilization savings over traditional build designs.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

Why should you buy used shipping containers from our company?

You have numerous good reasons to buy used shipping containers from our company. Let's look closer at the advantages of our services. Our meticulously crafted process and security system guarantee the authenticity of the ocean containers for sale available on our platform, instilling confidence in our customers.
