

## SolarMax Energy Systems

# Price of a single 545W photovoltaic panel

## Overview

---

CW Energy 545W Solar Panel 144 Cells Bifacial CWT545-144PMB10 Assembled in USA This panel captures sunlight from both its front and rear surfaces, enabling up to 30% more energy production compared to conventional monofacial panels in optimal conditions. Price: \$162.49 per panel (\$0.3 per watt). What is a 545 watt solar panel?

The Longi 545Watt Solar Panel is a 545 watt monocrystalline module from the Longi brand, one of the leading manufacturers in the world photovoltaic industry. It consists of 144 cells (6×24).

What is a 545 W CW energy solar panel?

This 545 W CW Energy solar panel also comes with a substantial 12-year product warranty. 545-144PMB10 is PID, salt, acid, and ammonia resistant. It can also bear mechanical loads of up to 5400 Pa on the front and 2400 Pa on the back. This durability is mostly owing to the 1.38" thick aluminum alloy frame and a layer of protective glass.

What is CW energy 545-144pmb10?

CW Energy made solar cells in 545-144PMB10 two times smaller than the standard size, thus reducing power loss and improving low-light behavior. At 21.1% efficiency, 545-144PMB10 offers surprising performance for its weight and size.

How efficient is 545-144pmb10 bifacial module?

At 21.1% efficiency, 545-144PMB10 offers surprising performance for its weight and size. And while conventional panels use only one side to absorb photons, bifacial modules employ both sides at the same time. Thanks to the technology, this model can be up to 30% more efficient.
