

SolarMax Energy Systems

Quote for energy storage cabinets on the Bhutan grid side

Overview

How many kWh can a bslbatt battery cabinet hold?

This commercial energy storage system comes in multiple capacity options: 200kWh / 215kWh / 225kWh / 241kWh. The BSLBATT 200kWh Battery Cabinet utilizes a design that separates the battery pack from the electrical unit, increasing the safety of the cabinet for energy storage batteries.

How many cabinets can be connected to a power backup system?

A standard 2-hour power backup solution is available for each cabinet, and the independent dual DC port design makes it easy to connect multiple cabinets for a 4-, 6-, or 8-hour expansion solution. The system is fully productized, integrating LFP ESS batteries, PCS, EMS, FSS, TCS, IMS, BMS.

What is bslbatt 200kwh Battery Cabinet?

BSLBATT 200kWh Battery Cabinet separates the battery pack from the electrical unit for enhanced safety. Integrates active and passive fire protection with PACK-level, group-level, and dual-compartment safeguards. Large capacity, patented LFP module with CCS integration, 16kWh per PACK, and >95% efficiency per cycle.
