Overview

Who is the best power supply company in Russia?

In the world of power supplies (PS), it is quite a well-known company on the Russian market. I know that MEAN WELL company is the absolute leader on the PS market. I became curious about comparing these companies.

Should Russia stop attacking health care workers and facilities?

The Russian Federation must immediately cease its aggression and stop attacking health care workers and facilities, targeting energy infrastructure essential to civilian life, and refrain from indiscriminate attacks that endanger both health and civilian energy systems.

How has Russia impacted health care?

Data collected by TH and PHR since the start of the full-scale invasion shows that the cumulative impacts of Russia's direct attacks on health facilities, as well as strikes on energy infrastructure with reported impact on health care facilities, have impeded health care delivery and endangered patients and health care workers alike.
