# **Seychelles Energy Storage Power**

## Overview

---

How is electricity produced in Seychelles?

Electricity for the island nation of Seychelles is primarily produced by diesel generators which must import their fuel (69 MW on Mahe and 12 MW on Praslin). Energy policy calls for 15% renewables by 2030. In June 2013, the first wind farm in Seychelles was officially inaugurated.

Does Seychelles have a 5MW solar PV plant?

The Republic of Seychelles has inaugurated its second clean energy project, a 5MW solar PV plant with battery storage. The Republic of Seychelles has inaugurated its second clean energy project, a 5MW solar PV plant with battery storage.

What is Seychelles' energy policy?

Energy policy calls for 15% renewables by 2030. In June 2013, the first wind farm in Seychelles was officially inaugurated. This 6 MW power plant can produce up to 2% of the Seychelles' power and is located on Mahé Island. It is expected that the wind farm will replace 1.6 million litres of diesel fuel annually.

Where are the solar power plants located in the Seychelles?

The facilities include the 5MW solar PV plant located in Ile de Romainville, a 3.3 MWh energy storage system located on Mahé and a 33kV system that allows for the safe and stable supply of electricity from the PV power plant to the main island of Mahé. This system helps increase the resilience of the national grid of the Seychelles.

Is biomass a source of electricity in Seychelles?

Traditional biomass – the burning of charcoal, crop waste, and other organic matter – is not included. This can be an important source in lower-income settings. Seychelles: How much of the country's electricity comes from

nuclear power?

Nuclear power – alongside renewables – is a low-carbon source of electricity.

How much energy will the Seychelles save a year?

This system helps increase the resilience of the national grid of the Seychelles. It is estimated that the project will save approximately 2 million liters of fuel annually and offset 6,000 tonnes of carbon dioxide. Have you read?
