

## SolarMax Energy Systems

# Sri Lanka wants to install solar energy system

## Overview

---

The Surya Bala Sangramaya (Solar Strength Battle) is a national program launched by the Sri Lankan government in 2016 to promote solar power generation across the country. It aims to generate 220 MW of solar power by 2025, with the goal of moving towards 100% renewable energy in the future. Is India building a floating solar power plant in Sri Lanka?

India is to commission floating solar power plants in Sri Lanka, the Indian High Commission in Colombo said today. Prime Minister Narendra Modi inaugurated the world's largest and first of its kind renewable energy park comprising both wind and solar energy with a total capacity of 30 GW at Kutch in Gujarat on 15 December 2020.

How to install rooftop solar in Sri Lanka?

A large number of service providers exist in Sri Lanka contracting the installation of Rooftop Solar. They must register at the Sri Lanka Sustainable Energy Authority (SLSEA). Therefore, it is important to select an institution that is registered with SLSEA which they publish a list of registered service providers in SLEA website.

How much solar radiation does Sri Lanka receive?

Sri Lanka receives significant amount of solar radiation across all geographical regions. The Global Horizontal Irradiance (GHI) varies between 1,247 kWh/m<sup>2</sup> to 2,106 kWh/m<sup>2</sup>. It is interesting to note that the intensity of solar irradiation in lowland areas is high compared to mountainous regions.

Who created the first solar atlas of Sri Lanka?

The first solar atlas of Sri Lanka was prepared by the National Renewable Energy Laboratory (NREL) of USA, in 2005, as the Wind and Solar Resource Atlas of Sri Lanka and Maldives. Such attempts in exploring solar resources of the country provided valuable information leading to gross estimates of solar potential.

## What is Solar Resource Atlas of Sri Lanka?

The Solar Resource Atlas of Sri Lanka is an important addition to the existing knowledge on solar resources of Sri Lanka. The first solar atlas of Sri Lanka was prepared by the National Renewable Energy Laboratory (NREL) of USA, in 2005, as the Wind and Solar Resource Atlas of Sri Lanka and Maldives.

## Can solar energy be harnessed directly from the Sun?

Energy can be harnessed directly from the sun, though only slightly during cloudy weather. Solar energy is used worldwide and is increasingly popular for generating electricity or heating and desalinating water. Solar power is generated in two main ways:
