

SolarMax Energy Systems

Swiss inverter battery manufacturer

Overview

Who makes Swiss clean battery?

When building the factory and equipping it with the necessary production facilities, Swiss Clean Battery draws on established and renowned partners. Jonas & Redmann (Berlin), Munters (Hamburg), Dalex (Knowledge) and Metha Bau (Amriswil), for example, are on board.

Who makes Oerlikon stationary batteries?

Oerlikon Stationary Batteries Ltd. manufactures a full range of stationary lead-acid batteries, notably the valve-regulated Compact-Power™ family which has become a key component in telecom power equipment and a whole variety of other applications.

Why should you choose Swiss clean battery?

The high standardization of factory construction promotes economies of scale and rapid implementation, so that the total capacity of 7.6 gigawatt hours will be reached in just a few years. When building the factory and equipping it with the necessary production facilities, Swiss Clean Battery draws on established and renowned partners.

Who makes Renata Batteries?

Founded in 1952 as a producer of mechanical watch parts, RENATA was transformed into a specialised button cell maker in the late Seventies. Today, the Itingen plant produces more than 1 million micro batteries every day. Thanks to a high degree of verticalization, RENATA is reputed as an extremely flexible and reliable battery source.
