

SolarMax Energy Systems

UAE Energy Storage Project Chief Engineer

Overview

Why is UAE launching a solar power and battery storage project?

The launch of the solar power and battery storage project marks a pivotal moment in the clean energy transformation, allowing renewable energy to be dispatched 24 hours a day, seven days a week, reaffirming the UAE's position as a global pioneer in renewable energy deployment.

How will the solar power and battery storage project impact the economy?

The record-breaking solar power and battery storage project will create over 10,000 new jobs, driving innovation and economic growth.

Why should we invest in the UAE energy sector?

Guided by the UAE leadership, this united effort within the energy sector powers the nation's technological advancement, ushering in a new era of intelligence, resilience, flexibility, and commercial opportunity while ensuring sustainable and uninterrupted energy for exponential growth.

What is EWEC doing in Abu Dhabi?

Located in Abu Dhabi, the project will feature a 5.2 gigawatt DC solar photovoltaic plant, coupled with a 19 gigawatt-hour battery energy storage system, setting a global benchmark in clean energy innovation. "In collaboration with EWEC and our partners, we will develop a renewable energy facility capable of providing clean energy round the clock.
