

SolarMax Energy Systems

UK 12Kw PV inverter price

Overview

£ 3,168.00 inc.VAT (£ 2,640.00 Ex.VAT) Reduce your electricity costs by managing power from various energy sources, including solar panels, batteries, the national electricity grid, a generator or even a wind turbine – all with the Sunsynk 12.0kW 3-Phase Hybrid Inverter. What is a sunsynk 12Kw hybrid inverter?

The Sunsynk 12kW Hybrid Inverter is your go-to solution for optimizing energy management and achieving greater energy autonomy. Ideal for new solar installations or enhancing existing systems, this inverter offers unmatched flexibility and reliability.

How much power does a sunsynk solar inverter have?

AC Output Power: 13,200W The Sunsynk 12kW Hybrid Inverter Single Phase is a powerful and versatile solution for advanced solar energy systems. With robust performance, flexible input options, and full monitoring capabilities, it's ideal for installations where reliable power delivery and control are essential.

Which solar inverter is right for You?

This single-phase inverter seamlessly manages power from multiple sources, including solar panels, the main electrical grid, and generators, providing a reliable and flexible energy solution. Whether you aim to increase energy independence or require a robust power management system, the Sunsynk 12kW Hybrid Inverter is the perfect choice.

How much does a solar inverter cost?

Note: These prices are just estimates and vary on factors such as the brand, features, and installation requirements. But for the Micro solar inverter, a unit typically costs around £90 – £100. meanwhile, for a 3.5 kW solar panel system comprising 10 panels, you will need to spend either £890 or £1,510 for 10 microinverters.

What is a luxpower LXP hybrid inverter?

Designed for homeowners seeking reliable and efficient energy storage, the Luxpower's LXP single phase hybrid inverter delivers optimal solar energy use with high PV input and intelligent time-of-use charging.

What is a sunsynk hybrid inverter & battery storage system?

Sunsynk offer a diverse range of products, their inverters and battery storage systems are designed to cater to the needs of clients seeking both off-grid and on-grid solutions. When combined with battery storage, the Sunsynk 12.0kW 3-Phase Hybrid Inverter has been designed to work seamlessly with smart energy tariffs.
