

SolarMax Energy Systems

UK New Energy Storage Project

Overview

Thorpe Marsh is the largest standalone BESS project financed globally and the largest BESS financing in Europe. The 1,400 MW / 3,100MWh project, which is expected to be operational starting in mid-2027, will be the largest battery storage facility in the UK and among the largest in Europe.

UK New Energy Storage Project

New scheme to attract investment in renewable energy storage

With these projects storing the surplus clean, homegrown energy produced from renewable sources, we can boost our energy security by relying less on fossil fuels, protect ...
