

SolarMax Energy Systems

Uruguay 14500 lithium battery pack manufacturer

Overview

What is a 14500 Lithium battery?

One of these such batteries, is the 14500 lithium. With the introduction of LED flashlights for example, the 14500 lithium battery has proudly placed itself among its prestigious lithium cousins. As pictured (for comparison) a 14500 lithium cell is identical in shape and size to a standard AA battery. But that's where the similarities end.

Who makes lithium-ion battery packs?

Both provide battery pack assembly and testing. Our battery pack manufacturing centers in Xiamen and Shenzhen provide additional services and the production of lithium-ion battery packs and cells. With over 50 years of combined experience in lithium-ion battery technology, no project is too big for us to handle.

What's new in Sanyo ur14500p?

New 14500 version from Sanyo, an updated version from old UR14500P. 0.53A, 3hrs. Max. Continuous Discharge Current 19.6g max. EVVA is a professional developer and manufacturer dedicated to providing high end lithium ion power solutions for different applications.

Who can supply lithium-ion batteries in-house?

If you desire to prototype or assemble battery packs in-house, we can supply cutting-edge lithium-ion cells from leading manufacturers like Panasonic, Sanyo, LG, Samsung, Sony, BAK, Lishen, and others.

Why do we supply bulk lithium-ion batteries?

Our strong network of partners enables us to supply bulk lithium-ion batteries with an internal emphasis on quality control and customer support. As a dependable lithium-ion battery supplier and battery pack manufacturer, we can deliver reliable energy storage solutions for any application.

What industries do you supply lithium-ion battery packs?

Our core competency is in the large-scale manufacturing of small to medium format lithium-ion battery packs. Some industries we supply include home energy storage, electric vehicles, medicine, military, computing, power tools, robotics, sensors, and more.
