

## SolarMax Energy Systems

# Uzbekistan base station lithium battery energy storage 60kw inverter

## Overview

---

Is Uzbekistan ready for a grid-scale battery energy storage project?

Uzbekistan is in line for its first grid-scale battery energy storage project as it seeks to stabilize and strengthen its existing electricity grids and ramp up the uptake of renewable energy.

Who will sell electricity to in Uzbekistan?

The project company is committed to selling electricity to the state-owned National Electric Grid of Uzbekistan JSC under a 25-year Power Purchase Agreement for the project, including a 10-year operating term for the BESS component, signed by these two entities.

How will Uzbekistan improve its energy security?

“This project will enhance Uzbekistan’s energy security through the use of innovative solutions and technologies,” noted Marco Mantovanelli, World Bank Country Manager for Uzbekistan.

Which batteries are compatible with Sol-Ark L3 hv-60kwh-60k?

We offer top-tier battery backup solutions compatible with major brands like SolarEdge, Enphase, SMA, and Fronius. The Sol-Ark L3 HV-60KWH-60K is an advanced indoor energy storage solution tailored for large commercial and industrial applications.

Why is Uzbekistan partnering with IFC?

“Our growing partnership with Uzbekistan in renewables is bringing clean and sustainable energy to the population at competitive prices,” said Wiebke Schloemer, IFC Director for Türkiye and Central Asia.
