Waterproof lithium battery pack

Overview

Are lithium batteries waterproof?

The newer lithium-ion batteries are engineered to be waterproof with sealed casings and terminal feed-throughs that prevent moisture from getting into the battery. Previous lithium batteries were not waterproof.

What is a rechargeable lithium battery?

This rechargeable lithium battery offers impressive energy density, long cycle life, and advanced safety features. Equipped with a built-in 20A BMS protection system, it guards against overcharging, over-discharging, over-current, and short circuits. Additionally, its low self-discharge rate ensures trouble-free storage for up to one year.

What is a 12V 20Ah LiFePO4 battery?

[Superior Performance]: Discover superior performance with our upgraded 12V 20Ah LiFePO4 battery. This rechargeable lithium battery offers impressive energy density, long cycle life, and advanced safety features. Equipped with a built-in 20A BMS protection system, it guards against overcharging, over-discharging, over-current, and short circuits.

How do I charge a LiFePO4 battery?

Simply use a compatible LiFePO4 battery charger, solar panel with MPPT, or a generator for fast, efficient charging. With a maximum charge current of 10A, this 12V deep cycle battery ensures quick recharge times, making it ideal for those who need reliable power in less time.
