What is the normal inverter voltage in Bosnia and Herzegovina

Overview

The voltage used in Bosnia and Herzegovina is 230V and the frequency is 50Hz. If this is the same in your own country, you don't need a voltage converter when travelling to Bosnia and Herzegovina. What is the standard voltage in Bosnia & Herzegovina?

The standard voltage in Bosnia & Herzegovina is 230 V, and the standard frequency is 50 Hz. If you're coming from a country that uses a different voltage, you may need a voltage converter or transformer in addition to a plug adapter. What is my country's voltage and frequency?

- Select it from our list.

Do I need a power adapter in Bosnia & Herzegovina?

However, if your devices use a different plug type or are not compatible with the voltage in Bosnia & Herzegovina, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Bosnia & Herzegovina is 230 V, and the standard frequency is 50 Hz.

What type of power socket is used in Bosnia and Herzegovina?

The power sockets in Bosnia and Herzegovina are of type F. The standard voltage is 230 V at a frequency of 50 Hz. Check your need for a power plug (travel) adapter in Bosnia and Herzegovina.

Do Europeans need a travel adapter in Bosnia and Herzegovina?

Yes! Europeans do not need a travel adapter or transformer when traveling to Bosnia and Herzegovina. Most device plugs will work with the outlet types in Bosnia and Herzegovina. Also, the voltage in Bosnia and Herzegovina is the same as in Europe. What Outlet does Bosnia and Herzegovina Use?

Type C plug sockets are used in Europe, Africa and Asia.

What type of plugs does Bosnia & Herzegovina use?

Bosnia and Herzegovina uses power outlets and plugs of types C & F. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type C - The standard European plug.

Can I use a charger in Bosnia and Herzegovina?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Bosnia and Herzegovina outlet. Bosnia and Herzegovina uses electrical outlets and power plugs of types C & F (see images).
