Where to buy solar photovoltaic panels in Micronesia

Overview

Where to buy solar panels in Malaysia?

As a trusted and experienced solar panel distributor in Malaysia, we provide resources on everything solar, as well as products and brands that meet your specific solar power system requirements. Whether you need to buy solar panels in Malaysia or are simply looking into a solar panel cost, Solar Boost is your reliable solar supplier in the region.

What are photovoltaic modules made of?

We use high-efficiency photovoltaic modules built with a rugged anodized aluminum alloy frame. They are encased in ultra-high temp tempered glass capable of sustaining high wind loads (175 mph) and performing efficiently even in low light conditions and are backed by a 25-year warranty for minimum power output.

What kind of inverter does gosolar use?

GoSolar uses high efficiency low cost \$/watt micro-inverters by NEP™. Founded in 2010 in Silicon Valley California, NEP™ engineers and produces competitively priced high-quality micro inverters. In fact, the NEP™ micro inverter is the only certified and commercially available micro inverter in Japan.
