

SolarMax Energy Systems

Zambia exports solar inverters

Overview

Will new solar companies emerge in Zambia?

Given the growing demand and government initiatives, it is very likely that new solar companies will arise in Zambia. The government aims to develop 600MW on-grid solar projects in the coming 2-3 years, with the GET FiT program supported by the German Development Bank.

How does solar power work in Zambia?

Solar power in Zambia primarily uses solar photovoltaics (PV) to generate electricity. Several communities, entrepreneurs, the government, and NGOs collaborate to increase the share of solar power in the country.

Where are most solar companies in Zambia located?

Most offices of the companies in Zambia are located in Lusaka. The solar sector in Zambia hosts a variety of solar companies, operating in several business segments.
